April 20, 2023

As we enter our third year of the **DVRR Jr. Terriers Family** – formally the Riegel Ridge Rams and Del Val Jr. Terriers, we are fortunate to once again play in the Warren County Midget Football League; a league providing youth football for over 72 years! Our **four** teams, ranging in age from four to fourteen, offer a wonderful opportunity for all children in our community. The Flag, Pee wee, Jr. Varsity and Varsity levels played very well with our amazing Cheer Team rooting for them from the sideline. Our cheerleaders not only participate in game day cheer but in several local competitions where they always make us proud!

The **DVRR Jr. Terriers, a non-profit organization**, is committed to providing each and every one of its players and cheerleaders with the skills they need to succeed not just as athletes on the field, but as well-rounded individuals in their communities with a program designed to introduce, teach and develop the fundamentals of football and cheerleading to our local youth. Our coaches are all **volunteers** and work diligently in teaching our children **respect, discipline, teamwork and good sportsmanship as well as promoting the importance of academics and physical fitness through hard work in a structured environment.**

This amazing program relies **solely** on registration fees and sponsors from our community to help cover the costs associated with the program such as helmet reconditioning, field maintenance, insurance, uniforms and much, much more. Every year the association faces financial challenges due to increased fees for equipment, field maintenance and insurance.

Please consider joining the DVRR Jr. Terriers Family by becoming a 2023 Sponsor!

We are your **friends, neighbors, customers and clients**, living and working in Hunterdon County and throughout New Jersey. We strive to support all of the children in and around our community, molding them into the successful business owners and good community citizens of the future. Please help us to keep the league strong and successful so all participants can enjoy playing in a safe and nurturing environment.

Why donate? Aside from home games, the field is occupied five nights a week for practice and is a high traffic area for people going to the community center which offers a community pool, day camp, gym, fitness center and conference room. This is a great time and place to **advertise your business with exposure to over 2,500 people throughout the season.**

The DVRR Jr. Terriers is a non-profit organization that depends immensely on the support of our families and local businesses to assist us financially through our season. **Now, more than ever, our children need your support!**

We look forward to working with you during the 2023 season and hope you will come out to see these **remarkable** children in action!

Sincerely,

Heather L. Hiel
President
